Research Interests

Quality of Life of Children with Asthma

a. Substantive

- Symptom management children with asthma and their Caregivers
- Asthma Symptom management Health Care Providers
- Asthma Self-management
- Asthma & Community engagement
- Social determinants of health in children with asthma
- Cultural competence/communication between health care provider/child/caregiver
- Behavioral Interaction between the caregiver and child with asthma during exacerbation

b. Methodological

- Multiple statistical Modeling methods
- Longitudinal designs and analysis; qualitative designs and analysis
- Intervention fidelity and analysis; observation methods and analysis
- Interviewing children and their caregivers
- Mixed Method designs
